another author,^{2,3} and one more,^{2,3} and the last one^{2,3}

¹*Type authors' address here**

²*other affiliation / address*

³*test*

Here are a few points that should be respected to prepare your abstract. The abstract text should fit within the allocated space and not exceed 1000 characters, including white space. It is rather simple you just have to replace the present text by your own.

You are asked to submit your abstract in one of the following formats: PDF , TeX or DOC (MS-WORD). However, note that PDF files are preferred. Before you submit files, please print your abstract on a black and white laser printer to verify the printing quality.

The abstract submission deadline is 24th February 2006. To submit your abstract, just send it by e-mail to albert.meige@anu.edu.au, with a cover letter providing the corresponding author contact details: full name, title, affiliation, address, e-mail address, phone and fax number, abstract title, preferred presentation (oral or poster) and the topic.
